Elden Ring [2022]

[Gangplank] - Unique Combination A powerful weapon that originated in the Orphanage, it can summon the senses of the dead who once walked the streets of Valoran. It is the product of the efforts of many young artists in the Orphanage. The Thunder Strike employs a unique weapon combo system to create a tense situation. Equip up to 3 types of Magic Gem with which you can attack. The more magic gems you use, the higher the damage of a combo attack. The recipe for Thunder Strike can be acquired by dismantling the Magic Gem and equipping them, or by acquiring extra versions. (Note: The more the gems you use, the more the chances of being caught and the weaker Thunder Strike becomes.) \Assist If you touch an enemy with Thunder Strike, you can call your followers for assistance. Depending on your location and the power of Thunder Strike, the number of followers summoned varies. Followers will support you by attacking the enemy, buffing your vitality, or providing a defense buff. You can summon up to 5 followers. - Multiple Analysis of Enemy Movement When an enemy moves on the field, you can determine the items it possesses by simply viewing its movement. An enemy that is connected to items with an Ayla's Spidey-Senses buff will reveal that fact in the mini-map. - Island Assignments Unlike other item random assignments, Island Assignments will have the appearance of a map. The first-time you visit the Island Assignment, you will be able to set various conditions, like those in regular assignments. - Immunity System While having active Island Assignments, you will not be subject to an increase in the resistance of enemy attacks and they cannot hit you. When Island Assignment is not active, no immunity will be provided. [Rumble] - Basic Attack + Basic Attack + Basic Attack Rumble is a new class in the game. Its job is simple: to use Basic Attacks to attack the enemy. It can attack up to 3 times. When you use Basic Attacks, you will suffer a buff called "Basic Attack Damage." The higher the total amount of Basic Attacks used to attack, the higher the cumulative Basic Attack Damage. - Special Attack Triggers From Attacks When you use an attack, Rumble can trigger a Special Attack. A Special Attack is a
